## OPEN FOR BUSINESS (from the Open for Business album)

How can I help you  
Won't you come on in  
Just leave your troubles at the door  
You look like you need a friend

It's just a prayer away  
We have what you need  
A simple childlike faith  
Just follow and believe

Can I show you something  
It's something that you need  
You need to meet Redemption  
You need to meet my King

Open for business ready to serve you  
Open for business  
Open for business we won't desert you  
Open for business

Romans 10: 9-13
