

SEVEN

SAFE IN HIS ARMS (from the Seven album)

Just picking up the pieces, It's a brand new day
The scars are gonna heal, the pain will go away
I've found new peace of mind now,

My broken heart will mend

Because of what You've done for me

Now I'm back on my feet again

There's a Light at the end of the tunnel

There's a calm at the end of every storm

There is no better feeling, feeling now I know

Because I'm safe, safe in His Arms

There's a time when you must make the choice

To go to the left or to the right

You're on a never ending road, which way do you go

Do you choose what is wrong or what is right

He's the answer that you need my friend

He can see you through it

Just name one other person

Who gave His life for you, for you

He's the Light at the end of the tunnel

He's the calm at the end of every storm

There is no better feeling, feeling now I know

Because I'm safe, safe in His Arms
